Dear Mr. Kesselman:

I am receipt of your letter dated July 19, 1963, in regard to my want ads in Coin World and Numismatic News.

I am also a dealer, and not a collector as you may have assumed in the ads. I am quite well known by most of the Boston dealers, as well as many others large dealers across the nation with whom I do thousands of dollars worth of business annually. If you want specific references I will be glad to oblige.

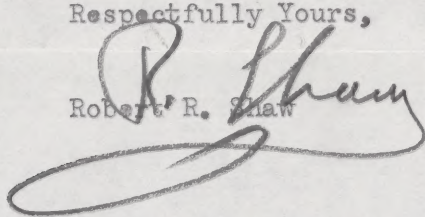

The only item that I am interested in, on your list, is the 1893-CC double eagle gold piece in VF. At \$75.-- for VF. It must be a very strict VF, and free of any defects whatsoever.

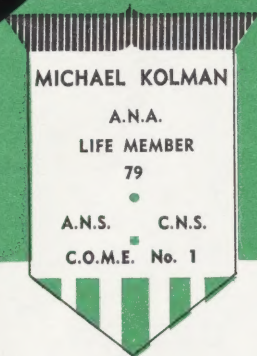

I would appreciate it muchly if you will please airmail the coin to me for inspection on approval. Ifs satisfied check will be airmailed to you for full amount. If not, then coin will be returned to you under insured(postally) cover.

I have an investor to accumulate CC and D gold. This 1893-cc piece is the only piece that appeals to him pricewise.

Thank you again. I will be awaiting your coin.

Respectfully Yours,

Robert R. Shaw

Dear Mr. Kesselman:

We just had a telephone call from M. Geiger making a formal complaint against you.

Mr. Geiger states that he gave you a valuable coin on consignment and that you won't pay for it or return it.

He also states that you now claim that you are a minor.

Please let us hear from you by return mail regarding this complaint -- we are particularly interested to know your age.

Sincerely,

Dear Sir:

This further relates to your complaint against the above named.

The facts developed in this investigation have been presented to the United States Attorney at Chicago, Illinois for consideration of prosecution for violation of the mail fraud statutes.

You will be advised when the prosecution feature has been resolved and your exhibits will be returned at that time.

Thank you for your kind cooperation.

Sincerely yours,

Dear Mr. Head:

With reference to your letter dated October 2, 1963, I would classify my transactions with Mr. Joel Day as completely unsatisfactory. On September 4, 1963, I sent Mr. Day by registered mail the following gold coins:

1870 three dollar gold piece @ \$185.00
1879 three dollar gold piece @ \$225.00
1909-0 half eagle @ \$175.00

These coins were mailed per his written request in a letter dated September 1st, 1963, which I have on hand. I also have the registered receipt from the United States Post Office. The registered number is 462785, and the coins were mailed on September 4, 1963. Payment or the return of the coins were to be made within a few days after receipt. Up to date neither has been done. I called his home several times, spoke to his father, and was informed that Joel was away at school and would take care of it. I have heard nothing since. I am going to take action. My contact with Joel Day was made through the Numismatic Scrapbook Magazine, in which he advertises.

In your letter you wished me to include various documents, cancelled checks, etc., which are my only means of evidence that I need for future action. I have in my possession his letter to me, mailed in Chicago, requesting the coins, and my Post Office receipt for sending them. If necessary, this evidence will certainly be available for your use in this matter. If there is anything further you wish from me I will be more than glad to cooperate with you. However, I should like to hear from you concerning the present activities of Joel Day and also your plan of action in this case.

Please let me hear from you in regard to this case. Is it possible that the post office is holding my coins?

Very truly yours,

Stanley Kesselman
